

## ECR 2020 Online - CME Credits per day and session

### Maximum Daily Points

Wednesday, July 15	4.00
Thursday, July 16	6.00
Friday, July 17	6.00
Saturday, July 18	6.00
Sunday, July 19	6.00

**Total: 28.00**

### Points per Session

#### Wednesday, July 15

08:30 - 09:30	BS 15a - Hybrid imaging	1
10:00 - 10:45	Satellite Symposium	0
11:15 - 12:15	E <sup>3</sup> 120 - Artificial intelligence in radiology: the basics you need to know	1
12:45 - 13:30	Satellite Symposium	0
14:00 - 15:00	SF 2a - Prostate embolisation	1
15:30 - 16:30	SF 1a - Evaluating oncologic treatment response in clinical practice and trials	1
17:30 - 18:00	Plenary Lecture: COVID-19: lessons and questions from a pandemic	0
18:30 - 19:00	Opening and Awards	0

#### Thursday, July 16

08:30 - 10:00	Image Interpretation Quiz: Live from Australia	2
10:30 - 11:15	Satellite Symposium	0
11:45 - 12:15	Plenary Lecture: Liver resilience	0
12:45 - 13:30	Satellite Symposium	0
14:00 - 15:00	SF 12 - Update in head and neck cancer imaging	1
15:30 - 16:30	NH 13 - Alzheimer's disease and neurodegeneration: visualising the invisible	1
17:00 - 18:00	E <sup>3</sup> 320 - Artificial intelligence and translations to clinical practice	1
18:30 - 19:30	CoV 1 - Non-pulmonary aspects of COVID-19	1
19:45 - 20:45	Satellite Symposium	0

#### Friday, July 17

08:30 - 09:30	BS 3 - Musculoskeletal: essentials of trauma imaging	1
09:45 - 10:15	ESR Meets: Messages from the Presidents	0
10:30 - 11:15	Satellite Symposium	0
11:45 - 12:15	Plenary Lecture: Digitalisation: the journey to a more human healthcare	0
12:45 - 13:30	Satellite Symposium	0
14:00 - 15:00	RC 1508 - Skull base	1
15:30 - 16:30	SF 9d - Cardiac imaging to drive clinical decision making	1
17:00 - 18:00	NH 17 - MRI of the future	1
18:30 - 19:30	CoV 2 - COVID-19: experience from Italy, Spain and England	1

## RADIOGRAPHERS SESSIONS

08:30 - 09:30	RC 1714 - Leadership and management in radiography	1
09:45 - 10:15	EFRS/ISRRT meets (message from the presidents/representatives)	0
11:30 - 12:30	RC 1614 - Practical computed tomography tips for radiographers	1
14:00 - 15:00	BS 5b - Career opportunities for radiographers	1
15:30 - 16:30	RC 414 - Practical magnetic resonance imaging tips for radiographers	1
17:00 - 18:00	EFRS/ISRRT - Artificial intelligence and the radiographer profession	1
18:30 - 19:30	BS 16 - The importance of good patient positioning in imaging	1

## Saturday, July 18

08:30 - 09:30	E <sup>3</sup> 518 - The role of radiology in the management of mass casualty incidents	1
10:15 - 11:00	Satellite Symposium	0
11:30 - 12:30	SF 7c - BasiCardiac for non-cardiac radiologists	1
13:00 - 13:45	Satellite Symposium	0
14:30 - 15:30	SF 13 - The abused child: the key role of imaging	1
16:00 - 17:00	NH 16 - Lung cancer screening implementation in Europe: is it inevitable?	1
17:30 - 18:00	Plenary Lecture: Building the human brain: molecular logic of neural circuit formation	0
18:30 - 19:30	CoV 3 - COVID-19: the radiographers' perspective	1

## RADIOGRAPHERS SESSIONS

08:30 - 09:30	SF 7a - Addressing challenges in imaging of larger patients	1
11:30 - 12:30	BS 9b - Bone health and osteoporosis imaging	1
14:30 - 15:30	EFRS WS4 - Public and patient involvement (PPI)	1
16:00 - 17:00	BS 17 - Communication as a safety tool	1
17:30 - 18:30	PC 9 - Postgraduate and speciality training for radiographers	1

## Sunday, July 19

08:30 - 09:30	E <sup>3</sup> 24C - Basics of breast MRI	1
10:00 - 10:45	Satellite Symposium	0
11:15 - 12:15	SF 8a - How to diagnose and manage abdominal, retroperitoneal and pelvic incidentalomas	1
12:45 - 13:30	Satellite Symposium	0
14:00 - 15:00	E <sup>3</sup> 218 - Pregnancy and postpartum abdominal acute conditions	1
15:30 - 16:30	SA 9 - Immunotherapy: what the radiologist needs to know	1
17:00 - 18:00	SF 5 - MRI of rectal carcinoma	1
18:30 - 19:30	EDiR Quiz - Challenge Yourself	1
19:40 - 20:00	Closing Ceremony	0
